*and be sure your customers have access to premium wood pellets!*

You want your customers to have convenient, affordable access to wood pellets and quality biomass fuel. Now, through our Dealer Web link Program, you can not only provide the service, but also earn referral fees!

*Here's how the program works:*

- ★ Insert our link on your Web site:

- ★ Direct your customers to click through to Pelletsales.com via your stove shop's Web site. We'll automatically know the referral came from your site!
- ★ For every new customer you refer to us, we'll pay you a \$10 referral fee.

*It's that easy!*

If you have any questions, our Web technology team is standing by to provide you any assistance you might need.
